

## **Applications are invited for the role of Heritage and Funding Officer**

This is a unique role where the post-holder will support the Trust in its heritage, restoration, and funding focus. The contract will be for an initial period of 3 months with the possibility for an extension dependent on future funding for the role.

The post-holder will manage specific Trust heritage, restoration, and funding projects. The Trust's projects will promote restoration, interpretation, education, community engagement and volunteer involvement. The post-holder will also be responsible for liaison with officers working for the canal's various owners and other partners on their canal specific projects. The post-holder will initially be required to identify future funding opportunities for this post.

The role is for 2 days per week at a gross salary of £1,157 per calendar month (£34,723 per year full-time equivalent).

A relevant honours degree in heritage, heritage management, history, archeology, or civil/water engineering is essential.

Previous experience in project management, and previous experience in local government fundraising or 3rd sector fundraising is essential.

A Job Description and Person Description can be obtained by emailing [info@mbact.org.uk](mailto:info@mbact.org.uk). You are highly recommended to request these documents before applying.

In support of their application, applicants are invited to submit a C.V. detailing their qualifications, and experience. Applications should be emailed to : [info@mbact.org.uk](mailto:info@mbact.org.uk) no later than 12.00 noon on Friday 9th June 2023.

### **About Us**

The Monmouthshire, Brecon & Abergavenny Canals Trust is a small locally-based charity dedicated to the well-being of the Mon & Brec canal in south east Wales. We campaign to protect, promote, and restore the canal, together with actively engaging in restoration and educational initiatives.
